County Road and Equipment Report

BOOK 2022

January 2022

Crews have been "spot blading" county roads and will continue to do so until Spring. When we are in a time of freeze/thaw, blading the entire road can actually do more harm than good. We are hitting the pothole portion, digging them out, and smoothing those areas only. We are cleaning out the ditches and making sure they are free of leaves and obstructions.

There is a Resolution in the packet this month for a line of credit for some used tractors and boom mowers. The county currently has two sets. I would like to acquire four more sets with the ultimate goal of running mowers in front of the graders and hit every county road every year. Some places need to be hit more often than that.

We were approved for a State Aid project on Henderson Road. The bid was let and a paving company from Quitman won the bid. Henderson Road from the Clinton City Limits to Hwy. 65 will receive an asphalt overlay and new stripes. This is consistent with the direction we are taking to maintain what we already have.

We were approved to receive used bridge steel from Montgomery County a couple of years ago and we still do not have that steel. Instead of relying on that steel, we have applied for a grant to replace the bridge on Archey Road. The new bridge will be paid at a rate of 80% federal money, 28% state-aid, and 2% county. This is the same type of funding we are using for the replacement of the low water crossing at Brickey Road, known as "the Brickey Bridge." If we should finally receive that steel, we will replace another bad bridge.

The northern part of the county was impacted by heavy snow this past weekend. Crews worked to plow and sand/salt until the roads were clear. We will be looking to purchase another snow plow for future use. We already have a truck to put it on so a minimal expense could help to reap great rewards going forward.

We received a shipment of culverts so the improvement project on Crowell Mountain will finally get back underway.
