MISCELLANEOUS HELPFUL INFORMATION

1. DO NOT WAIT – if you know or even think you might have an expense that you will not be able to pay DO SOMETHING NOW.
 2. DO NOT EXPECT INSTANT HELP. Assistance Programs take time. Sign up early for rides, to get on waiting lists, etc.
 3. DO NOT STOP with the first program. Keep looking and applying for alternative help. Better to get a little help from several resources than put all your hope on one resource that cannot give you everything you need.
 4. Be HONEST about your situation. If you “fudge” information it’s likely you will not receive assistance (and may end up with a reputation of being untruthful).
 5. WRITE A NOTE. IF you receive assistance from a church or small non-profit, write a thank you note. Individuals have contributed personal funds to help you. They want to know how their money has helped someone.
- Wishing you the best with your search for help – Sue
